

Medical Check-up for admission in IUT

Candidates (Nationals and foreigners) who have made their payment for admission IUT are requested to complete their medical fitness as early as possible. Accordingly, they will report to the medical center with necessary test reports for medical check-up to avoid any delay in the registration process. This will avoid inconvenience at time of final registration.

Medical fitness Requirements:

1. General fitness (physical & mental) from medical specialist.
2. Eye examination report from Eye specialist.
3. Hearing report from ENT specialist

Eleven Laboratory Tests with detailed Reports:

1. Complete Blood Count (TC, DC, Hb%, ESR)
2. Random Blood Sugar
3. Serum Creatinine
4. Chest X-ray with Report
5. ECG
6. Blood Group
7. MT Test
8. VDRL report
9. HBsAg report
10. HIV Screening Report
11. Urine for RME & C/S

All pathological reports must be submitted from a recognized laboratory.

N.B:

- *Please attach a copy of your offer letter in case of International students.*
- *Candidates having contagious and communicable disease are not eligible for admission.*
- *Candidates who have previous chronic disease should submit the relevant papers/certificates.*
